

# **Signs of Foundation Failure**

What are the signs of a failing foundation? Here are a few things to look at as you visually inspect your home.

## **Inside of House**

- Cracks in sheetrock
- Doors and windows which stick
- Cracks in flooring and tile
- Misaligned doors and windows
- Misaligned trim or molding

## **Outside of House**

- Gaps around the doors and windows
- Cracks in the foundation
- Cracks in the bricks
- Fascia pulling away from the building
- Chimneys tilt or lean

## **Garage**

- Separation from the door
- Wall rotates out
- Cracks in the brick

## **Basement of House**

- Walls lean in or out
- Cracks in the poured or block walls
- Water leakage through cracks at the base of the walls
